GDPR

The General Data Protection Regulations (GDPR) come into force on the 25th May 2018 so to prepare for this we will be sending home an updated data protection / consent form. Please fill this in and send back to school as soon as possible. Thank you.

Attendance

We have been visited by the attendance officer today and she has been looking at all aspects of attendance and punctuality, as well as updating us on the latest code of practice. As of the 1st Jan 2018, there are two main revisions that will impact schools and they are:- A penalty warning notice can be issued for persistent lateness after the register has closed; A penalty notice can be requested for issue for unauthorised holiday in term time for just **one days absence**. There is no longer a minimum number of 10 days as before.

Safer Internet Day & E-Safety Meeting

We are holding a meeting for parents about e-safety next Tuesday, the 6th of February at 2.30pm. Tuesday the 6th is also National 'Safer Internet Day' so we will be highlighting to the children the importance of using the internet safely.

Attendance

Class R: 98.00%
Class 1: 98.00%

HT's Award: Noah

Mother's Day / Father's Day Lunch

Mother's Day lunch will be on Wednesday 7th March (letters going out today) and Father's Day lunch will be on Wednesday 13th June (letters going out after Easter). Please complete the form if you want to come!

Roblox Game

There have been some reports from parents via another local authority that the game 'Roblox' is potentially unsafe for children to use. We and the other local schools have not received a direct warning about this, so our advice is to check your child's account if they have one to make sure they are not 'friends' with anyone they do not know and check the settings are secure.
