Book review by Mabel Stringer (Reception)

'I love reading this book at night time with my mummy and daddy. There are lots of minibeasts that you can read about... my favourite is the centipede because I love all his legs. I like counting them, I think he has got 6 or maybe more! Some minibeasts have grabbers that are really sharp. In the book there is a bumble bee who gets honey and goes on the flowers. There is also a spider that catches flies and a worm that crawls under the mud. I love this book so much!'

Listening

In assembly this week we have focused on listening, and the importance of listening then deciding how to do the right thing!
