

Dear Parent/Carer,

From September 2013 we are offering an emotional support service which would complement the promotion of emotional wellbeing of pupils in our school. This service is called "The Hope Project". This project is available to help your child/family at times of difficulty such as loss, change, sadness or any other of life's difficulties.

We would like to invite you to contact us if you think your child/family would benefit from this support. Likewise, if the school believes that your child would benefit from emotional support we will contact you.

If you have any questions please contact your child's school.

Sincerely,

When the world says "Give up!"
HOPE says... "Give it one more try"
