### Right to Respect

Thank you to the vast majority of our parents, who continue to be friendly, respectful and supportive. However, we are finding some people are being rude to staff, particularly at the office. I am sure you will all agree this is unacceptable and can be very harmful to the excellent reputation of our parent community. I visit a lot of schools and so I know how lucky we are to have such brilliant staff and supportive parents. We will therefore be continuing to take a zero tolerance policy on rude and abusive behaviour on our school site, and on social media. Our Code of Conduct for parents has been available on our website for a number of years, but as a reminder I have sent a copy with this newsletter. This behaviour would not be accepted in any other establishment, so why do a small number of people consider it to be acceptable in our lovely school where there are children present? Thank you for your support.

### Tag Rugby Tournament

Our Tag Rugby team played in the Dove Valley tournament this week. They played so well, especially as this was the very first time they had played together. They came away with two narrow losses and a draw in the last game.

We followed up the incredible 6 - 6 draw with John of Rolleston with a great performance against Thomas Russell. We came away with a narrow 3-1 defeat, but also with lots of pride due to another great team performance!

### Thank you AMP's!

A Big 'thank you' to the AMP's for purchasing massive amounts of exercise books and folders for the children. This is very much appreciated and will save the school lots of money this year. Thank you for also putting this away in our store cupboard.
