Parent Consultation Evenings

Thank you to everyone for attending parent consultation evenings this week.

Sport Relief next week

We are participating in Sport Relief next week. On Wednesday 11th March the children will be taking part in a variety of sporting activities. They will wear their normal PE kit for this. On Friday 13th March we are inviting the children to come into school in red sports kit or red clothes to celebrate Sport Relief. The children are encouraged to bring a £1 donation towards Sport Relief on Friday.

Coronavirus Updates

Please see the following pages for updates that have been sent to us by the Government.

World Book Day

Well done to everyone for their efforts for World Book Day this week!

Stars of the Week

Reception - Ewan

Class 1 - William

Class 2 - Belle

Class 3 - Agatha

Class 4 - Nerea

Class 5 - Megan

Class 6 - Caitlin

Headteacher's Award - Oscar

Attendance:

Reception – 97.33%

Class 1 – 98.28%

Class 2 – 94.48%

Class 3 – 97.78%

Class 4 – 99.31%

Class 5 – 95.71%

Class 6 – 92.31%

Overall – 96.52%

Dear Parents, Year 6 SATs is only 8 school weeks away! Therefore we would expect to see the Class 6 attendance figure to be at 100%. If the children are well enough to be in school please make sure they are in. The children are missing vital learning. Thank you to those children who are in school every day.

Parent Information Workshops

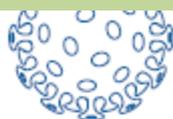

We are running two information workshops / sessions on Wednesday the 25th March.

At 2.30 pm **Class 6 parents** are invited to a session about Year 6 SATs.

At 3.30 pm we are inviting **Class 4 parents** to a session about the Year 4 times tables test. We hope you will be able to come.

Advice on the coronavirus for places of education

How serious is the coronavirus?

- it can cause flu-like symptoms, including fever, cough & difficulty breathing
- the infection is not serious for most people, including children
- there is currently no vaccine
- most people get better with enough rest, water to drink and medicine for pain

How likely are you to catch the virus?

- you can only catch it if you have been close to a person who has the virus
- the chance of being in contact with the virus is currently low in the UK
- if you have travelled to areas where many people are infected, your chance of catching the virus is higher, i.e. China and any affected areas

How can you stop coronaviruses spreading?

If you need to cough or sneeze

Catch it with a tissue

Bin it

Kill it by washing your hands with soap & water or hand sanitiser

After breaks & sport activities

Before cooking & eating

SCHOOL ETC.
On arrival at any childcare or educational setting

After using the toilet

Before leaving home

Try not to touch your eyes, nose, and mouth with unwashed hands

Do not share items that come into contact with your mouth such as cups & bottles

If unwell do not share items such as bedding, dishes, pencils & towels

Stop germs spreading with our e-Bug resources on hand and respiratory hygiene lesson plans for KS1, 2 and 3: campaignresources.phe.gov.uk/schools

What should you do if you feel unwell?

Keep away from others and stay at home to stop the infection spreading. Avoid public transport if you think you have symptoms of coronavirus. If you become unwell at a place of education, tell a member of staff and let them know if you have travelled to any other countries in the last 14 days.

If your staff member or parent thinks you have symptoms of coronavirus, they should call **NHS 111** for advice. Follow the UK Government advice for childcare or educational settings [gov.uk/government/publications/guidance-to-educational-settings-about-covid-19](https://www.gov.uk/government/publications/guidance-to-educational-settings-about-covid-19). Parents can visit **NHS.UK** to find out more information. Teachers and support staff should follow the UK Government advice.

Staff, students and pupils who have returned from Iran, specific lockdown areas in northern Italy, special care zones in South Korea or Hubei province China (returned in the past 14 days) should self isolate, and NOT attend education or work for 14 days. See **NHS.UK** for advice on coronavirus.

If there is an emergency, call 999 immediately

Updated travel advice for travellers returning from Italy

The advice remains the same for travellers returning from the lockdown areas of Italy, that you should self-isolate even if you are not showing symptoms. The advice for other parts of Italy has been expanded to cover the whole country: if you have returned from anywhere else in Italy outside of the lockdown areas, you should self-isolate if you develop symptoms and call NHS 111. The latest travel guidance can be found here:

- <https://www.gov.uk/government/publications/covid-19-specified-countries-and-areas/covid-19-specified-countries-and-areas-with-implications-for-returning-travellers-or-visitors-arriving-in-the-uk>

Further information on what you should do if you are asked to self-isolate:
